## HIGH PRESSURE TEST UNITS

- High Pressure Test Unit 5000 PSI to 30000 PSI
- These Test Units used to measure pressure of high-pressure holding equipment such as BOP, swivel Joints pressure, test pump and all other high-pressure items, it may be customised, as per requirement of customers.

### Type of High-Pressure Test Units

Mounting Type	
P	Portable Test Units
S	Skid Mounted Test Units
T	Skid Mounted Test Units with tanks
C	Customized Test Units

Working Pressure	
05	5000 PSI
06	6000 PSI
10	10000 PSI
15	15000 PSI
20	20000 PSI
30	30000 PSI

Pressure Display	
	Pressure Gauge Only
	Pressure Gauge and Recorder

### Portable Test Units

- This is a Single Pump Test Unit assembled on frame with wheel, which is make it easy to move one place to another,
- Pressure Rating 5000 PSI to 6000 PSI.

Model Number	Maximum Pressure (PSI)	Approximate Dimensions						Approximate Weight	
		Length		Width		Height		Pounds	Kg.
		Inches	Cm.	Inches	Cm.	Inches	Cm.		
C-P05G-T	5000	40	102	30	76	44	112	231	105
C-P06G-T	6000	40	102	30	76	44	112	231	105

### Skid Mounted Test Unit Without Tank

- These test units are available in 10000 PSI, 15000 PSI, 20000 PSI and 30000 PSI.

Model Number	Maximum Pressure (PSI)	Approximate Dimensions						Approximate Weight	
		Length		Width		Height		Pounds	Kg.
		Inches	CM	Inches	Cm.	Inches	Cm.		
C-S10G-M	10000	42	107	30	76	48	122	440	200
C-S15G-M	15000	42	107	30	76	48	122	440	200
C-S20G-M	20000	42	107	30	76	48	122	440	200
C-S30G-M	30000	42	107	30	76	48	122	451	205

## Skid Mounted Test Unit with Tank

- These test units are available in 10000 PSI, 15000 PSI, 20000 PSI and 30000 PSI.
- These test units are available with fluid tanks capacity 50 gallons.

Model Number	Maximum Pressure (PSI)	Approximate Dimensions						Approximate Weight	
		Length		Width		Height			
		Inches	Cm.	Inches	Cm.	Inches	Cm.	Pounds	Kg.
C-T10G-M	10000	60	152	48	122	54	137	935	425
C-T15G-M	15000	60	152	48	122	54	137	935	425
C-T20G-M	20000	60	152	48	122	54	137	935	425
C- T30G-T	30000	60	152	48	122	54	137	946	430

## Customised Design Test Units

- These test units are designed as per customer requirements.
